The News-Scimitar is first as an advertising medium with Memphis business men. They see results from their advertising expenditure, and results count.

## Milwaukee Expert To Speak Here

H. L. Cooley, director of part-time education at Milwaukee, will be one of the principal speakers at the three-day session of the West Tennessee Teachers' association, according to Prof. J. L. Higham, president of the association. Mr. Cooley's address will deal primarily with vocational education, with special reference to part-time and night school work. His address will be delivered at the second day's session of the meeting which begins on April 1.

In reference to Mr. Cooley's work in Milwaukee, Prof. J. L. Higham, president of the association, said:

"Mr. Cooley has done wonderful work in Milwaukee, and it is the largest evening and continuation school in America. It is an institution that has more than 14,000 boys and girls in trade and vocational training.

"The city of Milwaukee is standing squarely behind the part-time school. This is evidenced by the fact that he is given \$500,000 annually to promote the work of evening and part-time education in that city. The new Central continuation school in Milwaukee was designed by Mr. Cooley. It is perhaps the most practical school structure in the world.

"Mr. Cooley is the author of the Wisconsin compulsory part-time law which compels boys and girls who are at work and whose ages range from 14 to 18 to attend school a minimum of one-half day each week.

"Many other states have modeled part-time laws after the Wisconsin statute. A great treat is in store for the teachers of West Tennessee in the coming of Mr. Cooley to Memphis."

## PROBE PLAN TO BUY AUTOS FOR POSTOFFICE

George C. Baker, of Philadelphia, superintendent of Motor Vehicle service, will be in Memphis within a few days. Postmaster Metcalf announced Monday, for the purpose of investigating conditions here with reference to establishing public owned vehicles for carrying mail to and from the depots and delivering parcel post throughout the city.

Mr. Metcalf is now seeking garage space for approximately 15 machines which, it is believed, will be necessary to carry on the work.

Under the new plan the contract form of handling mail between the office and stations and delivery of parcel post matter will be done away with and the department will have actual charge of mail from the time it arrives in the city until it is delivered to the person or firm to whom addressed. It will not let contracts in the future for delivery of mail between office and depot.

## Two Mayors And "Would-Be" Here

Memphis had two sure-enough mayors in town Monday, and almost three. Mayor Payne presided over the city's destinies, while Mayor Maurice W. Smith, of Burdette, Ark., spent the day among local business houses. Mayor Smith was accompanied by J. W. Mullenix, of Parkin, Ark., who is a candidate for the office of mayor of Parkin. The election is to be held April 6.

Mr. Mullenix, who is president of the Delta Bank and Trust company, of Parkin, and one of the owners of the St. Francis Mercantile company, also is considerable of a player in his territory, having 4,100 acres of what he terms "the best land in the world" under cultivation.

J. L. Lee and J. P. Parks, of the Lanning Wheelbarrow company, also are candidates for the mayoralty office, but Mr. Mullenix expressed confidence that when he and Mayor Smith returned to Memphis, two mayors would be here, in addition to Mayor Payne.

## Salesman Not Man Arrested

Shakespeare was wrong. There's a lot in a name, thinks Pat Gorman, salesman for the Shelby Biscuit company. For Mr. Gorman has been busy explaining that he is not the Pat Gorman arrested on March 8 as a fugitive from Greenville, Miss. The Gorman arrested lives in Atlanta, is a horse dealer and is not related to Pat Gorman, of Memphis.

## Washing and Ironing Demonstration

Of considerable interest to the housewives of Memphis will be the lecture and demonstration on electric washing and ironing machines by Mrs. L. M. Dunninga of Kansas City. The demonstration will take place on the sales floor of the Montgomery Ward & Electric Co. daily for the next two weeks at 10 a.m. and 7:30 p.m. Every woman interested in the laundry problems is invited by the Fowler Electric Co. to attend and Mrs. Dunninga will be glad to assist without obligation the laundry problem of every woman.

## MAY OPEN STORE.

City detectives confidently expect thieves to start a store here soon, following a report made by Inspector Allen, of the N. C. & St. L. railroad Monday. The inspector listed as stolen Saturday from a boxcar the following:

Fourteen pairs of trousers, 14 shirts, 14 pairs ladies hose, 12 handkerchiefs, 22 pairs men's socks, 2 pairs gum boots, 6 neckties, 5 pairs of shoes, 20 pairs of Oxford, 7 boxes of baby powder and 12 suits men's underwear.

## SET SPECIAL ELECTION.

A special election to select a successor to the late Max Allen, magistrate of the Second district, will be held April 17, according to an announcement made Monday by L. B. Puryear, chairman of the election. A notice of only 19 days is required for a special election of this kind, Judge Puryear said, and notice of the election will be advertised in due time. Officers for the election have not yet been named but will be announced about April 1.

## OFFERS \$100 FOR STUD.

A \$250 diamond stud lost here on Feb. 28 by I. Block, of Wynne, Ark., will bring the finder \$100 reward, according to an offer Mr. Block posted with city detectives Monday. He thinks he lost the stone between Tyson's and Goldsmith's on Main street.

## Walsh SAYS:

Memphians admit that it is easy to find an absolutely exclusive pattern at "Walsh's," but it is a common complaint that our immense variety of striking novelties makes it hard to decide which to select.

The solution is—to leave it to our expert in colors, patterns, styles, etc., and hold us entirely responsible.

## H. M. STIGLER WITH SEABOARD AIR LINE

Appointed Commercial Agent. Open Offices April 1.

The Seaboard Air Line railroad has announced the appointment of Henry W. Stigler as commercial agent at Memphis, to have charge of commercial offices to be opened here April 1. Mr. Stigler is well known at Memphis, having been connected with the Rock Island railroad here for about 10 years previous to federal control. He has been assistant traffic manager for the Dupont American Industries, Inc., with headquarters at Memphis, since the railroads were taken over by the government.

Leon Reed, now in the general offices of the Seaboard Air line at Norfolk, will come to Memphis as traveling freight agent. Other appointments will be announced later. Mr. Stigler has been unable to locate office space, but hopes to complete arrangements for office room by April 1.

The Seaboard Air Line railroad, previous to federal control, handled a great deal of freight to Memphis from the East, and maintained a very fast service on package freight. With the return of traffic to normal channels, the line expects to handle a heavy traffic here.

## JEWISH WOMEN ARE BEST MOTHERS IN EAST SIDE, LONDON'S POOR DISTRICT

LONDON, March 12.—The best mothers in London's East Side, the poor district, are Jewish, in the opinion of Dr. C. W. Saleeby, chairman of the national birthrate commission, as expressed in an address at University college. Dr. Saleeby added that Irish mothers were not a bad second, and that the English ranked as a very bad third.

He explained that in the case of the Jewish and Irish mother this was a direct result of race ethics. Breast feeding was virtually universal among them, and there was a minimum of that dreaded disease arising from immorality. He declared that infant mortality was not really a medical problem, but a social problem of motherhood and a question of racial moorings.

During his address Dr. Saleeby quoted figures showing that despite bad housing, bad sanitation and virtually no child welfare efforts, infant mortality in Western Ireland was only about 35 per thousand, as compared with 125 in Bradford, England, which has the best equipment for infant welfare in the world.

## Phonograph Goes Sailing To Shop

Rosa Johnson's phonograph went "sailing" over the bounding Main (street) to a pawnshop, from her home, rear 1043 South Fourth street, with the result that she has asked the police department to apprehend the thief, who pawned the music box for a slim \$5.

Prof. W. T. Stockley, for many years a teacher in the public and private schools of this city, has accepted the principalship of the school at Warren, Tenn.

Miss M. E. Alexander has been engaged to teach at Oakland, Tenn. Scores of teachers and preachers are being placed through this column.

Bishop N. C. Cleaves preached to a large congregation at Collins chapel Sunday morning.

The offices of the Tri-State Casket & Coffin Co. are nearing completion.

## U. S. Marshal Not Selling Booze On Doctor Prescriptions

The marshal has no authority to sell contraband whisky on prescription. Deputies in the office want that thoroughly understood by all fortunate owners of regular prescriptions. Only those holding permits issued by the internal revenue department can get the whisky.

A number of persons who crave liquid refreshment for medicinal purposes, and who have the necessary prerequisite in the form of a prescription, have gone to the marshal's office and asked to have their wants satisfied. Much to their disgust they are informed that operating a drug store is not one of the accomplishments of the office, therefore the request is respectfully denied.

## BARCLAY OT SPEAK.

L. W. Barclay, director of the department of education of the Boy Scouts of America, will speak at a dinner to be given in his honor Wednesday night at the Hotel Hamilton. The dinner will be given at the Memphis Chamber of Commerce. All of those in the Scout movement and those interested in the Boy Scouts are urged to attend. The dinner will be served promptly at 6 o'clock as Mr. Barclay departs on an early night train.
